CF Series Monitor Arm Collection
versatile technology supports

Steelcase

IM#: 17-0078700

Personalized Portfolio

The CF Collection of monitor arms accommodates a wide variety of configurations and weights. CF Intro, CF Plus and CF Plus HD support both single- and dual-monitor applications, while CF Static handles up to six. Ergonomic and easy, this portfolio ensures that your screens are in the optimal position for the task at hand.

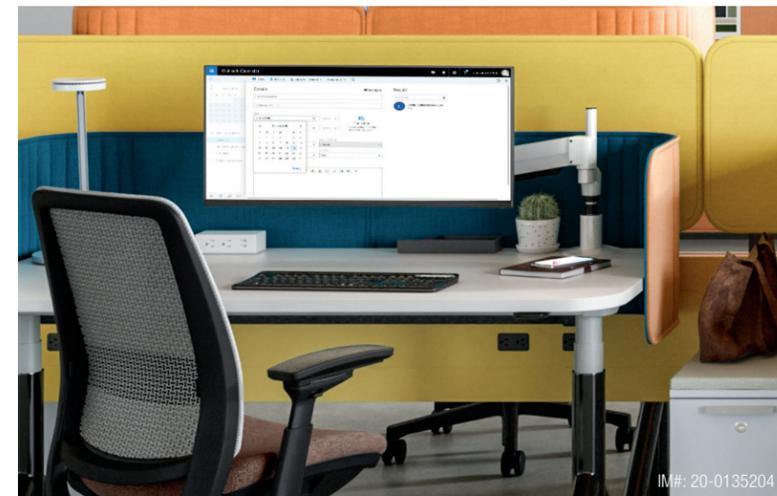

IM#: 21-0161722

CF Intro

With a sleek design and advanced features at a value price point, CF Intro offers seamless precision to accommodate a wide variety of user preferences.

- Supports both single and dual monitors
- Adjustable arm provides up to 13.2" of vertical range
- Caters to monitors weighing 2.2 to 20 pounds (per monitor)
- Mounting bracket with c-clamp or through mount options
- Yields storage depth of less than 3" from the back of the worksurface when fully retracted

IM#: 20-0135204

CF Plus + CF Plus HD

CF Plus & CF Plus HD offer a wide range of monitor arm options that can easily reconfigure based on the need. Option in what is desired, from single arm to dual dynamic monitor arm supports.

- Standard with quick release VESA Plates
- Multiple pole heights and mounting bracket options for variety of Steelcase workstations
- C-clamp mounts top down for easy install
- Sliders, extenders and dual bar support allow for retrofit and reconfigurability if desired
- CF Plus available in a triple dynamic assembly

IM#: 17-0078711
