

Steelcase Series® 2

High-Performance Seating

Attainable style

Steelcase Series 2® offers attainable ergonomic performance with a boost of expression. The geometric, lumbar-focused Air LiveBack® design comes in standard or quilted upholstery, or plenty of 3D Microknit or AirBack colors.

Design Details

Multiple color schemes inspire creativity, while the high-performing back and arms ensure dynamic comfort. The weight-activated mechanism with boost provides an equitable experience for all users, providing optional additional tension for those who need it, allowing anyone, anywhere to sit down and get comfortable—quickly.

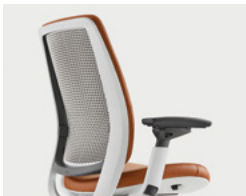

Performance Features

Air LiveBack® Technology

Extensive Back Styles

Weight-Activation + Additional
Tension Settings

Features

Back Support
Air LiveBack® technology works through an innovative geometric pattern in the back that flexes in two dimensions to encourage movement and posture changes while providing the spine with responsive support.

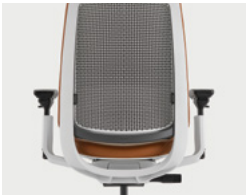

Weight-Activated Syncro Tilt Mechanism
Responds to your body weight to provide the right amount of back tension as you recline.

Recline Adjustments
Comfort dial offers three settings: Upright back lock, a boost setting (offers additional recline tension resistance for individuals who need it) and weight-activated full recline.

4D Arms
Fully adjustable arms move in height, width, depth, and pivot to better support your neck and shoulders.

Lumbar Support
Adjustable lumbar support comes standard on 3D Microknit, Quilted Upholstered, and Standard Upholstered Backs.

Seat Ergonomics
Seat is height—and depth adjustable. Flexible edges and adaptive bolstering in the seat foam provides long-term, pressure-free comfort.

Headrest
Optional headrest adjusts vertically to support head and neck.

- Additional Options:**
- Chair (standard) or Stool
 - 4D arms (standard), height-adjustable arms or armless
 - Adjustable lumbar or no lumbar support
 - Hard, dual-wheel casters (standard) or soft, roll-control casters or glides
 - Coat hanger
 - Headrest
 - Fabric back cover
 - Polished aluminum base
 - CarbonNeutral® product certification available

Series 2 helps organizations achieve their carbon emission goals. Add **CN** to the end of the style number to specify Series 2 with CarbonNeutral product Certification.
